for FREE!

- Supports 60 degrees of tilt function, allowing it to easily and quickly sense the gesture movement of the stylus to ensure accurate imitation of a real tilting brush effect, delivering smoother and more natural transition between lines and strokes.
- The 15.6 inch full-laminated IPS Display pairs a superb color accuracy of 90% Adobe® RGB (120% sRGB) with 178 degrees of visual angle and delivers rich colors, vivid images, and dazzling details in wider view.
- The innovative Red Dial interface, breaking through the traditional pen display design and built for a smooth workflow and optimal efficiency. Features 8 fully customizable shortcut keys and puts more customization options at your fingertips.
- Get the full power of a pen display in a portable sleek, smart designed 15.6 Pro, and draw and create anything creatively, naturally, and intuitively on the go.
